

PNP Acknowledges the 66th Anniversary of Cuban Independence

Kingston, Jamaica. January 1, 2025: The People's National Party congratulates the people of Cuba and the government of Miguel Díaz Canel for 66 years of commitment to justice, equality and the unwavering spirit of national sovereignty.

People's National Party has welcomed the friendship and collaboration between the people of Jamaica and Cuba over the years.

Chairman of the People's National Party, Dr. Angela Brown Burke, congratulates the Cuban people for their resilience, determination, and indomitable spirit, which serve as an inspiration to nations worldwide.

We are concerned about the challenges of the current period with the deteriorating humanitarian situation as a result of the embargo wrongfully imposed on the people and Government of Cuba over the last 62 years by the Government of the United States of America.

We, therefore, use the opportunity to renew our call for an end to the US blockade and full removal from any categorisation of a state that supports terrorism.
